The department "Operation and repair of machines" was organized in 1937. Since 1938 was called the Department of "Operation of machines" In the department, the chair was renamed the department "Operation of the machine-tractor park". In the initial period of organization, the department was headed by Associate Professor V.E. Konkov. He headed the department until 1951. In these years one of the first swallows of the M.S.Lutsenko Institute conducted its activity. In 1960 he defended his thesis for a Candidate and received the academic title of Associate Professor, and was also selected as the Head of the Chair. M.S.Lutsenko headed the department until 1967. One of the most important events after the war was the fact that the senior lecturer V.E.Konkov and the senior teacher M.S.Lutsenko published a book called "Integrated mechanization of cotton growing" on the basis of a number of their scientific research. To intensify the development of the department and the volume of the curatorial work in the 1950s, Candidate of Technical Sciences M.I. Landsman was employed at the department and after some time graduates of the Tashkent Institute of Irrigation and Mechanization of Agriculture (TIIMA) N.A.Zhelnov, M.N. Sharipov, A.I. Korsun. During these years, graduate students of the post-graduate program, T. Musaev and V. P. Grudtsyn, began their pedagogical activity at the department In December 1967, the post of head of the department was elected associate M.I.Landsman. During the period of the chair`s chair he paid special attention to scientific works. In these years, from among the teachers M.Anarkulov, Z. Yusupov, F. Dadabaev, S.Urdiyev and the head of the laboratory S.Alikulov defended the Candidate dissertations. In these years, out of 13 teachers, 10 had a Candidate of Technical Sciences. 1984-1994 associate professor F.K. Dadabaev headed the department. From the staff of the department in 1981 Sh.U.Yuldashev, 1983 A.I.Korsun defended doctoral dissertations. In 1995-2002, headed the chair "Operation of the machine and tractor park" Professor S.S.Sulaimonov. In 2002, on the basis of the departments "Machine repair" and "Operation of the machine and tractor fleet", the department "Operation and repair of the machine and tractor fleet" was organized and headed by the associate professor E.T. Farmonov. In 2004, on the basis of the decision of the Cabinet of Ministers of Uzbekistan, the faculty "Mechanization of Agriculture" was transferred to the Tashkent State Agrarian University, and in this connection, the departments were merged into one department, as a result, the department "Operation and repair of the machine and tractor fleet Associate Professor O.Urinboev was in charge of the department. In 2005-2010, the department was headed by Associate Professor D.Alijanov, 2010-2012 Professor B.P.Shaymardonov. In 2012 the department was divided, on its basis were organized the departments "Agricultural machines" and

"Operation of the machine and tractor fleet and technical service", the post of the department "Operation of the machine and tractor fleet and technical service" was elected associate professor R. Khalilov. In May 2017, the Tashkent Institute of Irrigation and Agricultural Mechanization was established on the basis of the Decree of the President of the Republic of Uzbekistan ПҚ№ 3003. Currently, the department consists of 6 teachers and staff, including 4 associate professors, 2 assistants, 1 head of laboratory, 1 technicians who perform their activities.
