

Faculty history

In addition to the eight faculties of Turkestan State University (1920), there was also a technical faculty. The Department of Mechanical Engineering of the University was transformed in 1930 into the Faculty of Agricultural Mechanization of the Central Asian Agricultural Institute. The Central Asian Institute of Agricultural Mechanization was established in 1931 on the basis of the faculty. On November 11, 1934, the institute was transformed into the Tashkent Institute of Irrigation and Agricultural Mechanization Engineers (TIQXMMI). In turn, it includes the activities of the Faculty of Agricultural Mechanization. In the same year, 401 students studied at the faculty. According to the Government Resolution No. 415 of September 3, 2004, the faculty was transferred to the Tashkent State Agrarian University. In accordance with the Decree of the President of the Republic of Uzbekistan No. PQ 3003 of May 24, 2017, the faculty resumed its activities on September 2, 2017 as part of TIQXMMI. Graduates of the faculty have made a significant contribution to the complex mechanization of agriculture in the country. Members of the republican government, a number of designers and scientists have grown up. President of the Republic of Uzbekistan Mirziyoyev Miromonovich studied at the faculty from 1976 to 1981. Hero of the Soviet Union Viktor Malyasov, Academician of the Russian Academy of Sciences Kizyaev Boris Mikhailovich, Academician of the Russian Academy of Sciences Chernoiyanov Vyacheslav Ivanovich, Doctor of Technical Sciences, Professor Sharipov Kungrad Avazimbetovich also studied at the faculty. Academician MVSablikov, corresponding member of UzFA GAKoshevnikov, honored scientists VILazunov, SPPulatov, professors G.Sh.Zokirov, OVLebedov, OAKarimov, MILANDSMAN contributed to the development and progress of the faculty. , Ye.K.Baturin, AIKorsun, MSG'aniev, RDMatchanov, Sh.U.Yuldashev, AHHaydarov, FKDadaboev and others. The faculty was named after Professor Salim Pulatov, a prominent scientist and statesman who served as rector of the institute for 17 years in 2000. Professors MVSablikov, Ye.K.Baturin, GAKoshevnikov, SPPulatov, MILandsman, NVSablikov, VVBulkin, NPPolikutin, VAivanov, AHHaydarov, SGMuhammadjanov, VVBaydinger, BFNazarov, AIKomilov, OAGanikhodjaev, OP Umurzakov, XNIbragimov, ASSirojiddinov, ETFarmonov, UTKuziev were deans. Currently, the dean of the faculty is KO Shavazov. Today, the faculty has departments of Agricultural Machinery, Tractors and Automobiles, Operation and Maintenance of Machinery and General Technical Sciences. The faculty specializes in agricultural mechanization, technical service of agricultural and reclamation techniques, bachelor's degree in the application of innovative techniques and technologies in agriculture, and master's degree in agricultural mechanization (by industry). cadres are being trained. Graduates of the faculty make a significant contribution to the complex mechanization and development of agriculture of the Republic. The graduates of the faculty have become governors of provinces and districts, members of the government, many designers and scientists. Dear President Mirziyoyev Shavkat Miromonovich studied at the faculty in 1976-1981. Also in different years the hero of the Soviet Union Viktor Malyasov, academician of the Russian Academy of Sciences Kizyaev Boris Mikhailovich, academician of the Russian Academy of Sciences Chernoiyanov Vyacheslav Ivanovich studied at the faculty.
